These are they which came out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb."

The Lesson-Sermon includes these words of Jesus, from Matthew: "Blessed are the poor in spirit: for their's is the kingdom of heaven. Blessed are they that mourn: for they shall be comforted. . . . Blessed are they which do hunger and thirst after righteousness: for they shall be filled. . . . Blessed are the pure in heart: for they shall see God."

One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, referring to Jesus, states: "Obeying his precious precepts—following his demonstration so far as we apprehend it—we drink of his cup, partake of his bread, are baptized with his purity; and at last we shall rest, sit down with him, in a full understanding of the divine Principle which triumphs over death."

Halg Named 'Blade' Editor At Steel Plant

George E. Halg, recent bridegroom and affable member of Columbia Steel's personnel department, has been chosen editor of the "Torrance Steel Blade," monthly plant publication.

He received her Master's Degree in languages in five years, a course which ordinarily takes six years to complete, and was an outstanding student during each year in university. That feat is regarded as exceptional because Miss Barton received her preparatory education in 36 states and 15 different high schools.

Miss Barton is also an accomplished singer, having appeared many times on various radio programs.

DETOUR Col'm Under Construction By BETSY BYRNES

"There was an Old Man of the Coast, Who placidly sat on a post; But when it was cold He relinquished his hold, And called for some hot buttered toast."

—Edward Lear.

Lear's Nonsense Rhymes are wonderful fun. It's terribly difficult to quote only one of them!

QUESTIONS The dahlia is a delight to any expert gardeners. Have you any idea where it came from, or how it got its name?

Don't answer the following question too hastily. Read every word of it first! What is the most ancient artificial building material?

Where did spinach originate? And another thing! How do you pronounce tomato?

TODAY'S PROVERB "Young folks tell what they do, old folks what they have done, and fools what they intend to do."

—French.

ANSWERS The dahlia came from Mexico, early in the 19th century. It was named for Professor Dahl, a botanist, who first cultivated it.

The most ancient artificial building material is brick! Bricks were used in Babylon, Egypt, Greece and Rome.

Good old spinach! Popeye's favorite food! Believe it or not, spinach originated in Persia. You may say a tomato is a to-may-to, or you may say it is a to-mah-to. Either pronunciation is correct. And in case you are interested, we inform you that the tomato is a native of South America, and that the name comes from a Portuguese word.

ADIOS The following lines were given to us the other day . . . Aren't they lovely? "Music resembles poetry; in each Are nameless graces which no methods teach, And which a master-hand alone can reach."—Pope.

STEEL WORKER'S DAUGHTER GRADUATES WITH HONORS

Miss Mary Barton, shown here with her father, Ira Barton, sheet mill pair heater at the Columbia Steel plant, recently graduated from the University of California at Los Angeles with high honors.

She received her Master's Degree in languages in five years, a course which ordinarily takes six years to complete, and was an outstanding student during each year in university. That feat is regarded as exceptional because Miss Barton received her preparatory education in 36 states and 15 different high schools.

Miss Barton is also an accomplished singer, having appeared many times on various radio programs.

WAY CLEARED FOR SUIT ON TAX REBATES

Thousands of taxpayers thru-out the country who stood in line for hours last December at the Hall of Records to apply for rebates on their 1933-34 county tax bill today pinned their hopes of recovery on the outcome of a test suit in the state supreme court.

One possible barrier to their efforts to recover was removed when Governor Merriam refused to sign the bill that would have entitled a taxpayer to a proportionate rebate on his 1933-34 levy. Since he refused to sign the rebate bill it will now be possible for recovery only if a rebate was applied for before December 5, 1936.

If there is any recovery of money from the county now, by far greater part of it will go to the larger property owners of the county, most of whom are represented by so-called tax-experts. These tax experts will collect a substantial commission from each of their wealthy clients.
